STRAIN OF THE MONTH

Pre-98 Bubba

This is a strain of legendary proportions for members of Generation X. Pre-98 Bubba is a memorably potent flower with heavy body relaxation and a no stress head effect. Due to its desirable effects and abundant trichome development, Californians now in their 30s will recall Pre-98 Bubba with nostalgia. The flavor is pungent and unique; tangy with a classic perfumed Kush finish. This exclusive Indica has not lost its appeal, and people trying Pre-98 Bubba for the first time will be glad it has reappeared. For maximum pain relief and a pleasant mood uplift, this strain cannot be beat!

EDIBLE OF THE MONTH

Natural Cannabis Co. Granola

\$15 (125 mg THC)

This sugar-free, gluten-free, vegan-friendly edible is just the thing to grab for a late-summer hike – healthy, potent and delicious!

Natural Cannabis Co.

RECIPE OF THE MONTH

Totally Toasted Tomato Tart

Ingredients:

- 2 tbsp. Natural Cannabis Co. CannaButter, plus additional for greasing cake pan
- 8 large tomatoes, halved
- 1 sheet frozen puff pastry or pie crust of your choice, thawed
- 2 teaspoons balsamic vinegar
- 2 teaspoons extra virgin olive oil
- Fresh basil leaves, to serve

Directions:

- Preheat oven to 420°F.
- Heat 2 tbsp. CannaButter in a frying pan over low heat. Add tomatoes, cut-side down. Sauté until tender, but not mushy.
- Grease an 8 inch round cake pan with melted CannaButter.
- Arrange tomatoes, cut-side down, over base of pan. Top with pastry or pie crust and tuck excess pastry around the edges.
- Bake for 12-15 minutes or until the pastry is puffed and golden. Set aside for 5 minutes to cool and then, turn cake pan over onto a serving plate.
- Combine vinegar and oil to make a basic dressing. Drizzle over tart. Season with salt and pepper, and top with basil.

*Disclaimer: Our new Natural Cannabis Co. CO2 Butter contains 2000 mg of THC per jar, is colorless and produces edibles that are not obviously medicated, so keep these treats out of reach of children and pets.

CULTIVATING WISDOM™

AUGUST CULTIVATING TIP

BLOOM PREP

Most outdoor cannabis plants will begin flowering in August. When plants enter the bloom phase of their growing cycle it is essential that their energy is directed toward developing buds. In order to help your plants do their thing, make sure they have enough water; otherwise, all of their energy will go to just staying alive during what is often the hottest month of the summer. For the same reason, this is the ideal time to trim out fan leaves and low branches that will not produce any significant yield. Invest in bloom food that is high in phosphorous, and stake up large branches that look as though they will be heavy with buds in the near future so they won't break down the line. With these preparations completed, you can finally enjoy watching and smelling the flowers blossom!

To keep the body in good health is a duty... otherwise we shall not be able to keep our mind strong and clear. ~ Buddha

RELAX IN PURE CANNABIS LUXURY

The Natural Cannabis Company will be hosting our first ever Spa Day event for our members at Ten Zen, the premier retreat for local cannabis enthusiasts. We all need a chance to relax, and we would like to offer members a unique pampering experience; service options include:

- a cannabis-infused facial by a Suhair-licensed Esthetician.
- an express makeover by a professionally trained Cosmetologist, Schrain.
- 15-30 minute Swedish and Canna-massage options given by licensed Massage Therapist (and favorite Cannabarista,) Sabra!
- a 30 minute guided imagery session with Certified Hypnoterapist, Sandy Clarke.
- Sound Healing with award-winning composer, recording artist and producer Stephen Halpern.

All services/sessions are available by advance booking only. Appointments can be made and pricing discussed during our Spa Day Kick-Off at OrganiCann on August 15th, from 11am – 3pm. Appointments are only available at Ten Zen on August 29th.
