Mon.–Fri., 10am–7pm  
Sat.–Sun., 10am–6pm

### PAIRING OF THE MONTH

## Melted Cookies and Cabbage Patch Natural

Cannasseurs have embraced Girl Scout Cookies as a favorite strain, second only to OG Kush in popularity. Melted Cookies

brings those beloved genetics together by crossing Biker OG with Platinum Girl Scout Cookies. This spacey, soothing strain tastes floral with a pleasantly peppery finish, and pairs beautifully with the sweet, herbaceous flavor of the Cabbage Patch Natural CO<sub>2</sub>-extraction. Cabbage Patch is also a cousin of Girl Scout Cookies. When smoked together, they yield a feeling of comfort and contentment, and are suitable throughout the afternoon and into the evening. This pairing is perfect for unwinding after work, and letting the day's stresses just melt away.

### EDIBLE OF THE MONTH

## Mint Chocolate Bread Loaf

**\$8** (3-4 doses)

This Mint Chocolate loaf is a delicious peppermint treat for those holiday cravings, with a kick!

### RECIPE OF THE MONTH

## Festive Funny Fudge

### Ingredients:

6 sections of a Suspectiously Delicious Virgin Milk Chocolate bar, diced  
6 oz. dark chocolate, diced  
1 cup chopped walnuts  
1 14 oz. can sweetened, condensed milk  
16 Maraschino cherries, with stems

### Directions:

Spread parchment paper over a square 8-inch baking pan so that some paper hangs over both sides of the pan. In a large bowl, melt the medicated and the regular chocolate into the condensed milk, in small increments, stirring in between to combine thoroughly. Blend the walnuts into the mixture, and spread evenly across the parchment paper. Gently score the top with a butter knife to create evenly spaced squares. Carefully press a red cherry into the center of each marked section. Refrigerate until the texture of your fudge is set. You can remove the fudge from the pan by lifting out the parchment paper and cutting along the lines you made earlier. Enjoy this festive funny fudge!

Tip of the Month/Know The Law

## **Emerald Cup Origins**

In 2003, the Emerald Cup was begun as a way to celebrate the quality of Northern California's artisan sun-grown cannabis. Many locals consider this the most legitimate cannabis cup around, since judges collect samples weeks ahead of time, in order to try each specimen individually and judge them more fairly. In the past eleven years, the event has expanded from twenty-three samples to hundreds from all over the Emerald Triangle each year. They are also returning to the Sonoma County Fairgrounds for the second year in a row, an ideal venue for the ever-increasing interest in the contest.

CULTIVATING WISDOM™

DECEMBER CULTIVATING TIP

## **Trimming the Trees**

December can be a quiet time of year for cultivators. Increased energy costs during the winter months often prevent people from planting indoors just yet, and outdoor plants have already been harvested and processed. Cultivators who want to beat the rush and plant indoors anyway should consider choosing quick finishing strains to fill their garden and save on utilities. This month can also be used wisely by preparing indoor grow rooms, making sure they are spotless and free of potential contaminants and pests. This is also a great time to put your trim to work. Trim can be used to make concentrates, tinctures and holiday treats for other medical marijuana patients. Visit our website to view monthly recipe ideas from past newsletters for inspiration.

*"The office Christmas party is a great opportunity to catch up with people you haven't seen for twenty minutes." - Julius Sharpe*
