PAIRING OF THE MONTH

Fire and Passion February

Sample our Fire OG Natural Pen with our lovely
Passion Fruit flowers, and you will be in for
quite a treat! Passion Fruit is
the kind of strain
that cannasseurs
are passionate
about. It is the
perfect combina-
tion of robust
tropical fruit flavor, and
luxurious full body relax-
ation. Follow it with the Fire OG Natural Pen,
and the result will be ideal for taking an
indulgent, lazy day away from the
stresses of life.

After
inhaling the
sweet and sour smoke of
Passion Fruit and Fire OG, most patients will
experience powerful relief from anxiety and
pain, as well as a lingering peace of mind. Try
it anytime you need to take some time out, or
share your "passion and fire" with your
valentine!

RECIPE OF THE MONTH

Suspiciously Delicious Brownie Trifle

Ingredients:

- 1 package of your favorite brand of instant chocolate mousse
- 2 Natural Cannabis Co. brownies, (your flavor of choice, cut into bite-size cubes.)
- Whipped cream

Directions:

- Prepare mousse to specified instructions on package.
 - When mousse is done, layer some on the bottom of each mason jar.
 - Follow this with a layer of brownie chunks.
 - Next, put in a layer of whipped cream.
 - Follow this with more mousse, then brownies, and then whipped cream again.
 - Top this trifle for two with the remaining brownie, crumbling into smaller pieces for decoration.
- This may be our easiest cannabis-infused recipe to date, but don't worry: With a treat this decadent, you will have a recipe for success with any cannabis-friendly valentine!

CULTIVATING WISDOM™

FEBRUARY CULTIVATING TIP

OUTDOOR PREPARATIONS

If you are planning a sun-grown harvest this year, February can be a great time to start doing your research to select genetics that will work for you. Ideally, you will want to choose strains that are mold-resistant, and will not outgrow your garden. Plants that exceed the height of your fences can lead to trouble with nosy neighbors, so choose strains and pot sizes accordingly. Depending on when you plant, you will want to choose varieties that are likely to produce mature flowers before the rainy weather arrives. If you plan to grow in excess to sell to cannabis dispensaries, think about cultivating strains that are unusual, rather than planting popular strains like Sour Diesel, Blue Dream and Girl Scout Cookies.

People are illogical, unreasonable, and self-centered. Love them anyway. ~ Kent M. Keith

Tip of the Month/Know The Law

EARLY CANNABIS FESTIVALS HONORED THE **GODDESS OF LOVE**

You may have heard that the oldest cannabis-themed festival is the Amsterdam High Times Cup. However, as early as the 9th century, Vikings celebrated cannabis in a festival dedicated to the goddess of love and passion, Freya. This Norse Goddess was said to live in the flowers of cannabis. It was believed that inhaling cannabis smoke would fill the soul with her spirit of love and benevolence. Therefore, each year during the cannabis harvest, a festival was held in honor of Freya that celebrated all things passionate, and involved inhaling a lot of cannabis smoke. Although Freya is ancient history and this year's harvest is already past, we can still use cannabis to celebrate love this Valentine's Day!
