## STRAIN OF THE MONTH

### Last Kings' Sour Cheeziel

In partnership with Last Kings, the Natural Cannabis Company is proud to bring Sour Cheeziel to our clients. Each eighth pack also holds a complimentary Sour Cheeziel joint, and limited edition rolling papers and lighter. This is the perfect strain for those who are searching for a potent mental effect; it will leave you feeling spacey, hazy and happy. Due to its strength, Sour Cheeziel is best enjoyed on a lazy day. However, for experienced smokers it can provide a creative, inspired effect which make it a great choice for taking a hike. The supremely sour and earthy flavor of this strain make the inhale as enjoyable as the resulting effects.

## EDIBLE OF THE MONTH

## RECIPE OF THE MONTH

### Peanut Budder Heart Cookies

#### Ingredients -

- 1 ¼ cups all-purpose flour
- ¾ tsp baking soda
- ½ tsp baking powder
- ½ tsp salt
- ½ cup unsalted butter or Natural Cannabis Company CannaButter (We only recommend using medicated butter in this recipe if you have a very high tolerance.)
- ½ cup creamy peanut butter
- ½ cup granulated sugar
- ½ cup packed brown sugar
- 1 large egg
- 6 packages of Natural Cannabis Company seasonal Heart Truffles (2 heart truffles per pack)

#### Directions -

- Preheat oven to 375°F.
- Combine flour, baking soda, baking powder and salt in a small bowl.
- In a large bowl, whisk butter or NCC CannaButter until creamy.
- Cream the granulated and brown sugar with the butter until mixed well.
- Mix egg and peanut butter into the wet ingredients.
- Gradually add dry ingredients into the wet, mixing to combine.
- Refrigerate dough for about 3 hours, or freeze for 30 minutes, until easy to work with hands.
- Once chilled, divide dough into 12 pieces & roll each into a ball.
- Lightly flatten cookies by pressing down gently on each ball.
- Bake cookies for 10-12 minutes, until lightly golden-brown and cooked in the center.
- Let cookies sit to cool for 5 minutes before pressing a chocolate truffle into each cookie. Allow cookies to completely cool before enjoying, unless you like them crumbly.

Disclaimer: Our new Natural Cannabis Co. CO2 Butter contains 1000 mg of THC per jar, is colorless and produces edibles that are not obviously medicated, so keep these cookies out of reach of children and pets.

### Steven Halpern's Mystic Haze

Steven Halpern is an award-winning new age music composer. He is known for creating music that inspires and relaxes listeners, bringing them inner peace through sound. In keeping with this vision, the Natural Cannabis Company is happy to present Mystic Haze, Steven Halpern's contribution to our High Life Series. This strain is the perfect match to Halpern's musical legacy, yielding happy, meditative and peaceful effects all day long.

CULTIVATING WISDOM™ FEBRUARY CULTIVATING TIP

# STRAIN SELECTION

February is a great time to begin thinking about what traits you want in your garden this year. Outdoor growing can be a challenge and a successful cultivation season begins with choosing strains that are genetically suited to your conditions. Are you searching for a high yield? Do you need plants that won't exceed your fences and call neighborly attention to your gardening project? Do you want a plant that will help you fight certain medical symptoms? If you plan on preserving these genetics this might be a great time to choose a mother plant that can provide you with cuttings to see your selections into the future. Most farmers prefer to grow their mothers from seed, so now is the time to start reading up on different strains and purchasing seeds accordingly.
