**Hours:**

Mon.–Fri., 10am–7pm  
Sat.–Sun., 10am–6pm

### PAIRING OF THE MONTH

## Island Sweet Skunk and Cherry Pie Natural Gold

Island Sweet Skunk and Cherry Pie Natural Gold make a perfect pairing, whether in a joint or packed into a bowl. Although each is quite lovely on its own, the unusual sweetness in the Skunk overpowers the earthier side of the Cherry Pie, while highlighting its own inherent sweetness. Since the Cherry Pie CO2 extraction is extremely concentrated, effects of pairing these two excellent items are not exactly physically motivating. However, they can result in a focused and creative mood. Patients who indulge in this pairing will find themselves relaxed and thoughtful. The effects are long lasting, and great for an artist or writer who wants to be mentally stimulated, but calm and happy.

### EDIBLE OF THE MONTH

## Suspiciously Delicious Blondie Bite

**\$6**

(90 mg of THC  
per brownie bite.)

The Blondie Bite is a white chocolate, high potency, bite-size brownie.

### RECIPE OF THE MONTH

## Cann-Apple Dumplings

### Ingredients:

1 baking apple of your choice, peeled, cored and cut into 8 slices

1 8 oz. tube crescent rolls

½ cup Suspiciously Delicious CannaButter, melted

¾ cup granulated sugar

½ tsp vanilla extract

Ground cinnamon, to taste

½ cup lemon-lime soda of your choice

### Directions:

Preheat oven to 350°F. Unroll crescent rolls and separate into eight pieces. Sprinkle each one with a little cinnamon. Roll each apple slice up into a crescent roll and tuck in the sides. Place all 8 completed dumplings into a greased, square 8 inch baking dish. Mix melted CannaButter with sugar and vanilla extract. Pour this mixture over your dumplings evenly. Next, pour the soda around the edges of your dumplings. Sprinkle the top with more cinnamon. Bake for 30-40 minutes, and serve with vanilla ice cream for an extra delicious, medicated treat!

Organicann Premium  
Medical Cannabis  
can be found at the  
following locations:

Organicann 301 East Todd Road, Santa Rosa  
Oakland Organics 721 Broadway, Oakland

Tip of the Month/Know The Law

# LEGALIZE IT!

A recent poll showed that 66% or 2/3 of Americans believe that private, adult, recreational use of cannabis should be legalized. It turns out we are not the first to think so. People all over the world support cannabis legalization. In fact, Uruguay legalized for citizens throughout the entire nation in 2013. Many nations have decriminalized adult use and possession, if not the growing or distributing of marijuana, certain parts of Australia and Spain included. Portugal, in fact, has decriminalized possession of all drugs, treating hard drug addicts as people who are sick and in need of rehabilitation, not as criminals. Of course, cannabis use is regulated and allowed in Amsterdam, and Colorado and Washington have already legalized adult possession and private use. With our existing medical marijuana community, one can only imagine that California is next in line.

CULTIVATING WISDOM™

SEPTEMBER CULTIVATING TIP

## Sweet Flowers

For most local growers, the flowering phase has already begun. Due to an unusual amount of overcast mornings, plants are budding early. This means that flushing must also happen early. Our experts recommend beginning to increase levels of Potassium in feedings to help bulk up buds and keep stems strong. To sweeten flowers and help them to produce resin, flushing the soil with water and sugar or molasses is an excellent idea. Spend time looking over your plants as they bud, paying careful attention to any detail that could become a mold problem, especially as buds become bigger and more dense. Enjoy the sweet smell of cannabis in bloom!
